

## **Keys to Successful eLearning**

**Attendance**-Attend as many classes as possible and check emails daily. Watch recorded class sessions when absent. If your child is unable to attend please let the teacher know as soon as possible. Students are marked absent at the end of the day.

**Sleep**-Students should go to bed early and maintain regular sleep habits so they are ready for eLearning the next day.

**Communication** -Please notify your child's teacher of any changes in circumstance (moving, staying with a relative, illness, technology/internet issues etc.).

**School work**-Make sure your child completes his/her work and turns it in. If you have any problems, issues, or questions, let the teacher know as soon as possible.

**Teacher Office Hours**-Use these times to get extra help or ask questions.

We are here to help!
